JOINT RESOLUTIONS AND MEMORIALS.

JOINT MEMORIAL

Of the General Assembly of the State of Alabama to the Congress of the United States.

Your memorialists beg leave respectfully to represent, that in consequence of the failure of the United States to furnish provender for the horses of the troops engaged in the Alabama and Florida campaigns during the years one thousand eight hundred and thirty-six and one thousand eight hundred and thirty-seven, many losses were sustained by the troops; for which, it is believed, they should be reimbursed. They are, for the most part poor men; and the delay which has occurred in adjusting and paying their claims, has been, and continues to be, a serious grievance to them. We, therefore, ask your honorable body to pass a law, providing for the immediate adjustment of these and all other claims against the United States growing out of the Indian disturbances in Alabama and Florida. Under the present law, making it the duty of the Third Auditor to pass upon these claims, delays, almost without number, have occurred, and must occur; and we beg to suggest, with all due deference, that a committee of your body, or a commission, might be raised, whose duty it should be to examine and pass upon all applications without delay. Justice, to be effectual, should be speedy; and we earnestly hope that no time will be lost in settling up the just demands of those who so promptly and cheerfully turned out in the service of their country.

Resolved, by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That his Excellency the Governor be requested to transmit to each of our Senators and Representatives in Congress, a copy of the foregoing memorial.

Approved, December 31, 1841.

A JOINT MEMORIAL

To the Congress of the United States, on the subject of establishing an Armory at the Great Falls on the Tallapoosa River.

Your memorialist, the General Assembly of the State of Alabama, respectfully represents to your honorable body, that a resolution having passed in the Congress of the United States at its last session, requiring the President

to cause to be examined a suitable place for the establishment of an armory, beg leave to state for the information of your honorable body, that the Great Falls on the Tallapoosa river will well compare with any water power in the Union. The entire river may be used (if necessary) at a very small expense to the driving of such machinery as may be required.

The Great Fall being about twenty-five or thirty feet perpendicular, with continuous fall for some miles above and below, it follows as a matter of course, it cannot be affected by the freshets usually attendant on ordinary streams.

Your memorialist would further state, that the Tallapoosa river may be navigated by steamboats, for some six or eight months in the year, to within one mile of said place; and the Montgomery and West Point Railroad runs within four miles. We therefore deem it not only a most favorable position for an armory, but for any other purposes where water power may be required.

In addition to the advantages already named, it may be necessary to state, that building rock of the very best kind may be had in abundance at the place. And if it is the design of the government to establish an armory in the south, the propriety of which is generally conceded, we would most respectfully call your attention to this most favorable location.

Resolved, That our Senators in Congress be instructed, and our Representatives requested, to bring this subject to the consideration of the President, and to use their best exertions in accomplishing the object of your memorialist.

Approved, December 31, 1841.

JOINT RESOLUTION

In relation to a Land District in the Cherokee part of Alabama.

WHEREAS, that portion of lands lately acquired from the Cherokee nation of Indians within the limits of the State of Alabama, is surveyed and now ready for market; and whereas, the same is densely settled by a class of meritorious individuals, who have pre-emption claims upon the same, who have been hitherto prevented from consummating their rights for the want of a land office; and whereas, the delay in establishing a land office may have been caused by the different views entertained in relation to the establishment of a separate land district—the annexation of the territory to the Coosa land district, or the place of locating the land office; and whereas, the immediate privilege of entering their lands, is a paramount consideration to all others with the citizens of said territory:

Therefore, be it resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That our Senators and Representatives in Congress be requested to cause a law to be passed, as early as practicable, having for its object the establishment of a separate land district, or the annexation of said territory to the Coosa land district, whichever in their better judgment can most readily be accomplished; and in the event the annexation of said territory to the Coosa land district should be

the policy adopted, that they procure the removal of the land office, now located at Mardisville in said district, to some eligible point at or near the centre of the Cherokee territory—as well as to reduce the minimum price of the public lands.

Resolved, That his Excellency the Governor be requested to transmit a copy of the foregoing preamble and resolutions to our Senators and Representatives in Congress.

Approved, December 31, 1841.

JOINT RESOLUTIONS

Of the General Assembly of the State of Alabama in relation to an act of the Congress of the United States, entitled an act, to distribute the proceeds of the sales of the public lands and to grant preemption rights to settlers, approved September 4, 1841.

WHEREAS, it has become the duty of the General Assembly of the State of Alabama to take into consideration an act of the Congress of the United States approved on the fourth day of September in the year of our Lord one thousand eight hundred and forty one entitled "an act to distribute the proceeds of the sales of public lands and to grant preemption rights to settlers" some of the provisions of which act, must materially if not vitally affect the welfare and happiness of the good people of the State of Ala. Wherefore it behooves their representatives maturely to deliberate what action shall be taken thereon in their behalf. Whilst this General Assembly deprecates an undue interference on the part of the States in the affairs of the General Government, which properly belong to it, it is nevertheless held to be an indispensable right as well as the bounden duty of the States, in the exercise of their Sovereignty, to interpose, their authority whenever their reserved rights are invaded, or any act may be done, that is calculated to affect their independence or destroy the peace and well being of their people. In the exercise of this right, the General Assembly does therefore declare that how ever much the people of the State of Alabama may feel the burthens which already oppress or may possibly be imposed on them, in order to relieve them from the embarrassment consequent upon improvident Legislation, no matter how specious the arguments may be, founded upon their necessities, they reject with *indignant scorn* the idea that any sufferings with which it may please the Great Ruler of nations to afflict them in the shape of pecuniary embarrassment can ever so far debase our people as to cause them to look upon gold otherwise than as the dust in the balance, when compared with the proud and precious inheritance, bequeathed to us by our Fathers of lofty integrity and unbought independence, or with the no less estimable possession of the individual sovereignty of this State. That although our sister States may entertain other and different views than those which we feel ourselves called upon to express and may be disposed to receive their share of the national spoil, yet we will remain uninfluenced by their action; and never by our acceptance of the proffered bribe, sanction the dangerous and immoral maxim that the end justifies the means. We do this because we hold our honor and independence above all price; and because we entertain a fixed and unalterable determination to maintain them irrespective of all future consequences. This General Assembly does further declare, that that por-

tion of the act above referred to, which distributes the proceeds of the sales of the public lands to the several States is a gross and palpable violation of the constitution of the U.S. distributing as it does under existing circumstances the revenue arising from customs, and that it will unless arrested pave the way to an assumption of the power on the part of the General Government to seize upon the National Treasury for any and for all purposes, without regard to the source from whence its revenues may be derived, and that it will ultimately make the several States the stipendiaries and pensioned vassals of a great central power, thereby carrying into effect the principles of old fashioned ultra federalism as proclaimed by its most daring advocates in the gloomiest period of our political history.

Be it therefore resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That no authority shall be given to the Governor of this State or any other person in its behalf to receive that portion of the proceeds of the sales of the public lands which may be allotted to this State by virtue of an act of the Congress of the United States, entitled "an act to distribute the proceeds of the sales of the public lands and to grant preemption rights to settlers," and that the State of Alabama does hereby refuse to receive the same or any part thereof.

Be it further resolved, That our Senators in Congress be, and they are hereby instructed, and our Representatives are requested to use their utmost endeavors to procure a speedy repeal of the above recited act.

Be it further resolved, That the Governor of this State be requested to forward a copy of the foregoing preamble and resolutions to the Governors of the several States of this Union, and also to each of our Senators and Representatives in Congress.

Approved, 31, December 1841.

Resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That the salary of the Warden of the Penitentiary, for the year eighteen hundred and forty-two, shall be twelve hundred dollars; and for the year eighteen hundred and forty-three his salary shall be sixteen hundred dollars, and the same thereafter until regulated by law. The salary of the deputy warden for the years eighteen hundred and forty-two and three, shall be five hundred dollars; and for the year eighteen hundred and forty-four, and for every year thereafter, until otherwise ordered, it shall be one thousand dollars. In both cases to be paid in manner and form as directed in the act regulating punishments under the penitentiary system, approved January first, eighteen hundred and forty-one.

Resolved further, That a deputy warden shall not be appointed until directed by the General Assembly of this State.

JOINT RESOLUTION

In Relation to the Monies due this State by the Federal Government, on Account of Expenditures during and growing out of the late Creek Indian Hostilities.

WHEREAS the United States is indebted to this State in the sum of near two hundred thousand dollars, for money expended during and growing out of the late Creek Indian hostilities: Therefore,

Resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That His Excellency the Governor be and he is hereby authorized and required to appoint some suitable person to go to the City of Washington, for the purpose of urging the claims of this State, with full power to receive and finally settle the same—as well the claims already paid by the State as those still unpaid, and growing out of said Creek Indian hostilities; and that the said agent be allowed the sum of one thousand dollars for such service—and that he report to the next legislature.

Approved, December 31, 1841.

JOINT RESOLUTION

Authorizing Arthur Foster to draw and receipt for the pay of John H. Garrett, deceased, late a Member of the House of Representatives, for the county of Cherokee.

Resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That Arthur Foster be and he is hereby authorized to draw and receipt for the pay of John H. Garrett, deceased, late a member of the House of Representatives, from the county of Cherokee, and that the receipt of said Foster shall, to all intents and purposes, be as valid and binding as though made by said John H. Garrett in person, were he living; any law, usage or custom, to the contrary notwithstanding.

JOINT RESOLUTIONS

For the Survey of the County of Cherokee, and for other purposes.

WHEREAS some doubts exist as to whether the county of Cherokee contains the number of square miles required by the Constitution of the State of Alabama; and whereas a large portion of the citizens of said county are very desirous that a survey should be made, as well for the purpose of the ascertainment of the true number of square miles said county does actually contain, as for the purpose of running and defining the line between said county and the county of Dekalb, in conformity to the law laying out said county:

Be it, therefore, Resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That Asa W. Allen and Samuel Russell, of the county of Cherokee, or either of them, are

hereby authorized and required to survey said county of Cherokee, and plainly mark the line between the counties of Cherokee and Dekalb, in conformity to the law passed in the year one thousand eight hundred and thirty-six, laying out said counties, and ascertain precisely the number of square miles which are now contained in said county, and make a return of said survey, with a map of the same, to the legislature, as early as practicable after the completion of the same.

Be it further Resolved, That the said surveyors hereby appointed shall take and subscribe an oath, and file it with the clerk of the circuit court of Cherokee county, to make a true and impartial survey and report, and that the surveyor of Dekalb be notified when said survey shall take place, in order to aid in said survey of the line between Cherokee and Dekalb, and that each county pay its own surveyor.

Approved, December 28, 1841.
